SUMMARY

Motivated Gaming Technology B. Tech student with strong proficiency in Unity, C#, C++, and Python. Demonstrated leadership as a project lead, successfully designing and developing multiple games. Passionate about creating immersive gaming experiences and tackling complex technical challenges.

SKILLS

Programming Languages: Python, C++, C#
Game Development: Unity, Level Design, User Interface Design, Android Game Development, Game Mechanics
Data Analysis: Data Visualization, Dataset Processing
Soft Skills: Coding Logic, Collaboration, User Interface Design, Gameplay Improvement

WORK EXPERIENCE

DeepSim (Intern) July 2025 – December 2025
Unity Programmer

- Developed **coding logic** and **user interface** designs.
- Collaborated with peers to enhance **game mechanics** and improve overall gameplay experience.
- Created **Android games** by applying development principles and practices.

PROJECTS

3D First-Person Puzzle Game Jan 2025 - Apr 2025
Technologies: Unity

- Led projects in game design and development.
- Created complex puzzle mechanics, level design, and user interface elements.

Matrix Analyzer Tool Mar 2025
Technologies: Python

- Developed a matrix analysis application to process and visualize large datasets using Python libraries.
- Utilized the application for training AI models.

CERTIFICATIONS

AI and Robotics
Techkriti, IIT Kanpur

Unity and C# Basics
Meta

Google AI Essentials
Coursera

EDUCATION

B.Tech, CSE (Gaming Technology) 2023 - 2027
Vellore Institute of Technology, Bhopal, 8.37 / 10

Class X (CBSE) 2019 - 2021
RNS World School, Jhansi, 76.16%

Class XII (CBSE) 2021 - 2023
RNS World School, Jhansi, 69.6%

WORKSHOPS

Extracurricular Activities

- Participation in various workshops focused on game development and artificial intelligence.
- Involvement in Game Jam 2025 on Itch.io, contributing to team efforts and project development.

LANGUAGES

Proficient in English and Hindi

HOBBIES

Hobbies: Engaging in badminton, swimming, gaming, and binge-watching.
Interests: Enthusiastic about technology, history, and philosophy.
